

REPORT OF THE ACTIVITIES CONDUCTED IN THE MONTH OF SEPTEMBER 2024

SUBJECTS	ACTIVITIES
ENGLISH	<p>"Name Train" is a fun and interactive game for prep classes where children sit in a circle and take turns saying their name aloud. The teacher starts by saying their name and passing a ball (or beanbag) to another child, who then says their name and passes it on. This continues until everyone has had a chance to introduce themselves. The game helps children remember each other's names, encourages social interaction, and builds a sense of community in the classroom.</p> <p>Nursery- Alphabet Playdough fun</p>  <p>*Show and Tell Activity*</p> <p>In the Show and Tell activity, each child brings a special item from home, like a favorite toy or family photo, to share with the class. They take turns describing their item, including its name, color, and why it's special to them. This activity helps children practice speaking confidently and develop vocabulary while learning to express their thoughts. It also encourages listening skills as classmates ask questions and learn about each other's interests. This fun and interactive session builds confidence and helps children feel comfortable speaking in front of others.</p>

MATHS

Hopscotch Supports Early Math

Learning Players land on one foot in single spaces and land in side-by-side spaces with two feet, one foot in each space. These movements offer opportunities to talk about space and place. While playing, children practice the counting sequence and seeing and naming numerals.

All digital learning resources studied are designed for preschool children to support learning through playful activities and gaming.

UOI

Festivals are a great way to understand one's culture. A child can be taught more about their culture and their country during festivals and celebrations. This teaches them about their roots in the world and makes them proud of their country and culture.

VISUAL ARTS

Topic –Dussehra and Transport

SPRAY PAINTING : Let your kids use spray paint to discover the wonders of the natural world. Start with a canvas or a large sheet of paper covered with patterns or cutouts of trees, animals, or flowers. Then, let your kids use various colours of spray paint to create colourful backdrops.

PENCIL SHAVINGS : styptic pencil is made of powdered crystal from an alum block which is pressed into a handy lipstick size and shape. Stops Bleeding Fast. Super size for convenience and long term use. To seal small cuts and nicks, especially those caused during wet shaving. Helps to seal the skin to protect against infection.
