

SHAMBHU DAYAL GLOBAL SCHOOL HOLIDAY HOMEWORK (2025-26) CLASS – II

ENGLISH

Topic- Weather Wonders

Activity - Weather Adventure Story

Objective:

Students will write a fun **weather adventure story** and create an illustration to express their creativity.

Materials Required:

/ Pencil/Pen

Word bank with weather words (optional)

• Crayons or colors (for drawing)

Step-by-Step Procedure:

1. Think About an Exciting Weather Adventure (5 minutes)**

Imagine a fun weather story! Choose one:

- **A magical umbrella that talks** 🎁
- **A rainbow leading to a hidden treasure**
- **A sunny day turning into a surprise rainstorm**

Ask yourself:

- Who is in my story?
- Where does it happen?
- What exciting thing happens?
 - 2. Write a Short Story (15 minutes)

Write a **6–8 sentence story** about your weather adventure.

"One day, I found a magical umbrella. It could fly! It took me above the clouds, where I met a rainbow bird. Together, we soared across the sky. The bird told me about a secret treasure hidden at the end of the rainbow. I followed the bright colors and found a golden chest full of sparkling stars!"

Use **weather words** like:

Sunshine | Rain | Tumbrella |

 $Rainbow \mid \bigcirc Clouds \mid \textcircled{\$} Wind$

- 3. Read Your Story Aloud (10 minutes)
- Read your story to your family or friends!
- Talk about the **weather words** you used.
 - 4. Draw a Picture (10 minutes)
- Oraw a **beautiful illustration** to match your adventure story!
- Show your magical umbrella, rainbow treasure, or rainy surprise.

MATHEMATICS

Topic: Weather Wonder

Task 1: Weather Survey and Bar Graph

Observe the weather for 10 days and record it in a table (sunny, cloudy, rainy, windy, etc.).

Tally each type of weather.

Draw a bar graph to show how many days had each type of weather.

Write 2 sentences about your findings (e.g., "Sunny days were the most common").

Task 2: Temperature Tracking and Comparison

Note the temperature at morning and afternoon for 5 days (use a thermometer or ask an adult).

Use subtraction to find the difference between morning and afternoon temperatures.

Write which day had the biggest difference and what kind of weather it was.

Note:- Do all the above in Scrapbook 2.

UNIT OF INQUIRY	HINDI
Topic- Weather Wonder.	छुट्टियों का गृहकार्य शीर्षक: "मौसम की सैर, हिंदी के साथ!
Activity- Create a journal or notebook.	गतिविधियाँ (Activities):
To record weather observation for a week or	1. मौसम चार्ट (Weather Chart):
two. Each day, draw a picture of weather and	 7 दिनों के लिए मौसम का अवलोकन करें (सप्ताह का मौसम चार्ट बनाएं)
write a short sentence about it.	· · · · · · · · · · · · · · · · · · ·
Matarial required New seven file 2	 प्रत्येक दिन के लिए मौसम लिखें — जैसे: धूप, बादल, बारिश, ठंडी हवा
Material required-New scrap file -2 .	• प्रतीक चिन्ह (symbols) या चित्र बनाएं (जैसे सूरज, बादल, छाता
Do this in scrap file and decorate it beautifully.	आदि)
So this in serup me and decorate it beautifully.	2. मेरी पसंदीदा ऋतु (My Favourite Season):
	 किसी एक ऋतु को चुनें (जैसे – गर्मी, सर्दी, वर्षी)
	 5 पंक्तियों में लिखें कि वह ऋतु क्यों पसंद है उदाहरण:
	मेरी पसंदीदा ऋतु वर्षा ऋतु है।
	मुझे बारिश में भीगना अच्छा लगता है।
	मैं छाता लेकर स्कूल जाता हूँ।
	मेंढक टर्र-टर्र करते हैं।
	मैं गरम गरम पकौड़े खाता हूँ।
	3. शब्दकोश खेल:
	• ऋतु से संबंधित 10 शब्द खोजें और लिखें जैसे: धूप, बारिश, बर्फ,
	छाता, टोपी, गर्मी, स्वेटर आदि
	स्क्रैपबुक मॉडल सुझाव:
	• हर ऋतु के लिए एक पेज बनाएं
	 नाम, चित्र, विशेषताएँ, पसंद और गतिविधियाँ शामिल करें

1. Aquaculture Activity

Activity Title:

"Make Cocopeat and Plant a Seed!"

Materials Needed:

- A small piece of **dry coconut husk** or storebought cocopeat block
- A bowl of water
- A **plastic cup or pot** with small holes at the bottom
- A spoon or small scoop
- Seeds (e.g., mustard, fenugreek, coriander, or green gram)

Instructions:

1. Soak the Cocopeat

- Place the coconut husk or cocopeat block in a bowl of water.
- Let it soak for a few minutes until it becomes **soft and fluffy**.
- Show the child how it **expands like a sponge!**

2. Fill the Cup

• Help the child scoop the fluffy cocopeat into a plastic cup or small pot.

3. Plant the Seeds

- Sprinkle the seeds on top of the cocopeat.
- Gently press them down with your fingers (do not bury deep!).

4. Water and Observe

- Sprinkle a little water every day.
- Place the cup near sunlight.
- Watch the seeds sprout in 2–3 days.

GYMNASTIC:

Animal Moves & Shapes

Warm-up:

10 High Knees

Shoulder Rolls (10 times)

Activities:

Bear Walk, Crab Walk, Bunny Hops

Make these gymnastic shapes: Star, Tuck, Pike,

Straddle

Creative Task:

Take photos or draw each gymnastic shape you can do.
